THE ARMY NATIONAL GUARD

TAKE PRIDE.

SERVE YOUR COUNTRY AND COMMUNITY.

Joining the Army National Guard's professional healthcare team means joining one of the biggest healthcare networks in the world. There is no other healthcare team that understands the value of serving others quite like the Army National Guard. In the Guard, you will train a minimum of one weekend a month and two weeks a year, so you will be ready should your community or nation call upon you.

OPPORTUNITIES FOR DENTAL STUDENTS.

The Army National Guard also offers dental students service opportunities with excellent pay and benefits. Qualified individuals can receive a monthly stipend of approximately \$1,300 per month in addition to their monthly Guard paycheck (minimum of \$322 for a Second Lieutenant). This provides a nice supplemental income of OVER \$1,600 per month for two days of work. That kind of money can go far in allowing you to fully focus on finishing dental school. There are many more benefits and incentives that make learning more about Guard opportunities worthwhile if you are still in dental school. Depending on the command you are assigned to, you may have access to a Flexible Training Program which can allow you to design your military schedule around your academic schedule. You will also have a safety net ensuring that you will be allowed to complete your education without being mobilized. Under current Surgeon General Policy, medical and dental students may not be involuntarily mobilized.

YOU CAN SERVE SOLDIERS.

ENHANCE YOUR CAREER AND YOUR LIFE.

As a Dentist, you have what it takes to be a selfless and hardworking professional. You know what it is like to be concerned for your patients long after your office hours are over. At times, you may wonder if there are other people with the same standards and commitment to service. The answer

is “yes”—there is a community of Dentists who share your values and they’re waiting for you to join their team.

They are members of the Army National Guard’s Dental Corps, an elite group of Officers and professionals who dedicate part of their time to serving their community and country.

DENTAL CORPS.

Helping others. Serving your country. No other healthcare program can match the opportunities you’ll have, or the professional experience you’ll gain, in the Army National Guard Dental Corps.

As a Dentist in the Army National Guard, you’ll work alongside professionals who are every bit as committed and focused as you, all while being a part of one of the most dynamic healthcare systems in the world.

In addition to a generous and competitive compensation and benefits package, you’ll have the opportunity to enhance your professional knowledge through continuing education courses, seminars and conferences. There are several incentives available to Dentists. Benefits include a Special Pay worth as much as \$30,000, Health Professionals Loan Repayment Program (up to \$50,000), annual Continuing Medical Education benefit, retirement pay for part-time service, low-cost life insurance, the Thrift Savings Plan (a 401k-type savings plan) and eligibility for VA home loans as well as various state incentives.

As a Dentist, you already know the satisfaction that comes from helping those in need. Join the Army National Guard as a Dental Corps Officer and discover new, and often exciting, avenues for using your talents to serve the dental health needs of your community and our nation. Becoming an Army National Guard Dentist gives you an experience you can’t match in a civilian practice. It can help you get where you want to be personally, professionally and financially.
